

The International Conference of the University of Agronomic Sciences and Veterinary Medicine of Bucharest

AGRICULTURE FOR LIFE, LIFE FOR AGRICULTURE

June 2 – 4, 2022, Bucharest, Romania

Conference Announcement

ABOUT THE CONFERENCE

We have the honour to invite you to the 2022 Edition of the *International Conference "Agriculture for Life - Life for Agriculture"*, taking place under the general theme "**Climate changes and the future of food**". The event was initiated by the **University of Agronomic Sciences and Veterinary Medicine of Bucharest** in 2012, and will be held in Bucharest, Romania, between **02nd and 04th of June 2022**. We are proud that our Conference included in each of its previous editions more than 650 papers and hosted more than 2000 authors and experts from 43 countries worldwide.

We live in a time of great challenges for agriculture, including energy production and consumption, climate change, the environment, food safety and nutrition, health, rural development and trade. These are also challenges related to education, and cannot be solved without major advances in research and innovation. Therefore, the University of Agronomic Sciences and Veterinary Medicine of Bucharest aims to continue its annual meetings on life and agricultural sciences, offering researchers, business leaders, government and EU officials the opportunity to share their innovative ideas and research results in order to address global challenges on a scientific basis.

The conference will provide you with the opportunity to create new connections and partnerships and will offer a unique insight into the most recent agricultural research and development, which will further promote the development of agriculture in the future.

CONFERENCE OUTLINE

The program will cover a vast range of topics through: plenary sessions, thematic sessions, poster sessions, workshops, industry / business Meetings, and professional visits. Participants are invited to submit papers under the conference sections.

Depending on the evolution of the conditions imposed by the COVID-19 pandemic, we will constantly update the website with the conditions of participation and conference format. We are ready to offer you an outstanding experience, in any of the variants: physical presence, hybrid system and participate online.
